

Vended 20 lb - 55 lb Tumble Dryers

VENDED 25-, 30-, 35- AND 55-LB TUMBLE DRYERS

At Huebsch, our priority is making commercial laundry equipment that's perfectly aligned with your business philosophy. In other words, because you believe that profit is the inevitable result of superior efficiency, durability, simplicity and service, that's exactly what we deliver.

What's more, we deliver it in every facet of our products...

INVEST IN ADVANTAGE

Huebsch tumble dryers maximize profits through superior engineering

Higher capacity

Efficiency means drying more loads, faster. That's how Huebsch tumble dryers—offered in 25-, 30-, 35- and 55-lb models—are built to operate. Even our 25-lb model boasts a 7.7 cu ft cylinder to dry large loads.

Optimum efficiency

Huebsch tumble dryers feature an innovative axial airflow process, reducing energy consumption and producing some of the industry's fastest dry times. Faster drying means less time spent at the laundromat and increased customer satisfaction, loyalty and store profits.

Collaborative effort

Huebsch tumble dryers are available in both single and stack pocket configurations to give your store more drying options and make the most of your space.
